Paste screen shots of all given in the table as proof:

1. *Figma*

2. Leet code

The screenshot shows a web browser window displaying the LeetCode profile of a user named 'abhiram_suggala'. The browser's address bar shows the URL 'leetcode.com/u/abhiram_suggala/'. The page features a dark theme. At the top, there is a navigation bar with links for 'Explore', 'Problems', 'Contest', 'Discuss', 'Interview', and 'Store'. A yellow banner below the navigation bar contains a message: 'Please verify your email to unlock all features and services on LeetCode.' Below this, a purple banner advertises a '\$40 OFF Annual Subscription with code THANKS2025'. The main content area is divided into several sections. On the left, the user's profile is shown with a placeholder image, the name 'abhiram_suggala', and a rank of '~5,000,000'. Below the profile, there are 'Community Stats' for Views, Solution, Discuss, and Reputation, all showing 0. A 'Languages' section indicates 'Not enough data'. The central part of the page displays a circular progress indicator for '0/3758 Solved' problems, with a '0 Attempting' status. To the right of the progress indicator, there are three difficulty-based problem counts: Easy (0/915), Med. (0/1956), and Hard (0/887). Further right, a 'Badges' section shows 0 badges and a 'Locked Badge' for 'Nov LeetCode Challenge'. Below these, a section titled '0 submissions in the past one year' includes a calendar grid for the months of December through November, with 'Total active days: 0' and 'Max streak: 0'. At the bottom of the main content area, there are tabs for 'Recent AC', 'List', 'Solutions', and 'Discuss', along with a link to 'View all submissions'. The Windows taskbar at the bottom shows the system clock as 09:31 AM on 27-11-2025, with a temperature of 13°C and 'Sunny' weather.

4. *Hacker Rank*

5. *Hacker Earth*

The screenshot shows the HackerEarth dashboard for a user named Abhiram. The interface is dark-themed with a light blue header bar. On the left is a vertical sidebar with navigation icons. The main content area features a welcome message, a progress bar for the Novice badge, and four cards for Learn, Coding Practices, Challenges, and Jobs. Below these is a 'Track your Progress' section with three cards for Codemunk, Basic Programming, and Data Structures. On the right is a user profile card showing statistics and streaks.

Welcome back, Abhiram! Let's dive into today's challenges and maintain your streak!

7. Github

The screenshot shows a GitHub profile page for the user 'abhiramlakshminarayana-tech'. The profile picture is a circular avatar with a pink and white pixelated design. The user's name is 'abhiramlakshminarayana-tech' and they have 'Joined now'. The page shows '1 contribution in the last year' with a contribution graph for the year 2025. The graph shows a single green square on Friday, November 1st. The page also includes a 'Read the Hello World guide' button and a 'Contribution activity' section at the bottom.

ABOUT

Pursuing Bachelor of Technology with strong foundation in engineering principles and problem-solving.

Skilled in programming, analytical thinking, and eager to apply knowledge to real-world projects. Motivated learner with interest in innovation, teamwork, and continuous professional growth.

11. *Technical mooc registration proof*

The screenshot shows a web browser window with multiple tabs. The active tab is 'learn.saylor.org/course/view.php?id=65'. The page header includes the Saylor.org logo, navigation links (Course Catalog, My courses, Programs, Help), a search bar, and user profile icons. A green notification banner at the top states 'You are enrolled in the course.' The main content area is titled 'Course Introduction' and includes a 'Collapse all' link. Below the title, it displays course details: 'Time: 40 hours', 'CEUs: 4.0', and 'Free Certificate'. A paragraph describes the course content, covering C++ fundamentals, object-oriented programming, and data structures. At the bottom of the main content area, there are links for 'Course Syllabus' and 'Course Terms of Use'. A left sidebar contains a table of contents with expandable sections for 'Course Introduction', 'Unit 1: Introduction and ...', and '1.1: A Basic History of C...'. The Windows taskbar at the bottom shows the date as 30-11-2025 and the time as 02:21 PM.

Course Introduction [Collapse all](#)

Time: 40 hours CEUs: 4.0 Free Certificate

In this course, we will learn the mechanics of editing and compiling programs in C++. We will begin with a discussion of the essential elements of C++ programming: variables, loops, expressions, functions, and the string class. Then, we will cover the basics of object-oriented programming: classes, inheritance, templates, exceptions, and file manipulation. We will then review function and class templates and the classes that perform output and input of characters to/from files. This course will also cover namespaces, exception handling, and preprocessor directives. In the last part of the course, we will learn some slightly more sophisticated programming techniques that deal with data structures such as linked lists and binary trees.
